## Join us on a Devotional Journey into God's Heart for Justice and Compassion

This 40-Day Devotional Journey can transform your heart with daily Scriptures, devotionals, and reflection questions to facilitate a personal connection with biblical justice and compassion that will inspire a new perspective in your daily life.

Our thoughts and attitudes must be captivated with our Father's colossal and intimate love for the most vulnerable in his creation, so that justice and compassion become our natural response. Let's be inspired together and mobilize the church as we put faith and hope in action.
